

# AHAD SHAIKH

ASPIRING SOC ANALYST | SIEM (SPLUNK) | INCIDENT RESPONSE |

CYBERSECURITY

Maharashtra, Thane | ahadshaikh7355@gmail.com | +91 7304357519

## SUMMARY

Focused on building a career in Security Operations Center (SOC). Currently learning SIEM concepts using Splunk and practicing log analysis, alert monitoring, and incident response fundamentals. I have hands-on exposure to cybersecurity tools, networking basics, and Linux, and I am continuously improving my SOC-related skills.

## TECHNICAL SKILLS

**Cybersecurity:** Ethical Hacking, Cryptography, Linux, OS, SIEM, Splunk, Wireshark, Burpsuite, SQL Injection

**Web Dev:** HTML, CSS, JavaScript

**Programming:** Python, C#, SQL

## TRAINING & LEARNING

- Learning SOC workflows and security monitoring
- Practicing log analysis and alert investigation concepts
- Studying incident response lifecycle and escalation process
- Hands-on learning with SIEM (Splunk – setup & usage)

**Internshala Training Program – Cybersecurity      Aug 2025 - Oct -2025**

- Completed a structured online training focused on cybersecurity fundamentals, ethical hacking, and network defense.
- Practiced hands-on labs using tools like Nmap, Wireshark, and Burp Suite.

## EDUCATION

Bachelor of Computer Applications (BCA)  
Somaiya Vidyavihar University, Mumbai

**2024-2027,  
Present**

Higher Secondary School, Thane (HSC – 12th)  
Percentage: 74.67%

**2022-2024**

Secondary School, Thane (SSC – 10th)  
Percentage: 78.40%

**2022**

## ADDITIONAL INFORMATION

- **Languages:** English, Hindi
- **Certifications:** Ethical Hacking with Kali Linux(IBM), Cryptography(ISC2), Introduction to Networking(NVIDIA),
